## terms

Disc art, iTunes digital cover, & 3D digital mock-up included with all album print packages.

For designs that require original art or illustration, an additional fee will be added. This fee usually starts at \$200, but a separate quote will be provided for this service, and will be assessed according to the complexity of the piece.

A **50% deposit** is required in advance, with the balance paid on final approval. You will receive your initial design preliminaries no later than 14 days after the deposit is paid. After work has commenced, and preliminaries delivered, this deposit becomes non-refundable. The 50% deposit will serve as the early termination fee if you choose to terminate the project before completion. High resolution files of the final art and designs will be supplied upon payment of the remaining balance due.
